Areas for Improvement

1. Clearance Pending KPI Needs More Detail

Current:

Clearance Pending

28

Better:

IT Assets Pending: 8

Finance Clearance: 5

Manager Approval: 7

Access Revocation: 8

This helps HR immediately identify the bottleneck.

2. Offboarding Analytics Dashboard

Add a second tab called:

Offboarding Analytics

Showing:

- Average Days to Complete Offboarding
- Top Exit Reasons
- Voluntary Turnover %
- Involuntary Turnover %
- Rehire Eligibility %
- Exit Trends

Example:

Average Offboarding Time

7.2 Days

Exit Interview Completion

92%

Rehire Eligible

85%

3. Knowledge Transfer Tracking

A common enterprise requirement is:

Knowledge Transfer

✓ Complete

or

Knowledge Transfer

Pending

before final approval.

This is especially useful for leadership and specialist roles.

4. Asset Recovery Dashboard

Add visibility for:

- Laptops
- Phones
- ID Cards
- Vehicles
- Access Cards

Example:

Assets Returned
92%

Outstanding Assets
3

5. Rehire Eligibility

Add a field:

Rehire Eligible
Yes / No

This becomes valuable for future recruitment.

Employee Lifecycle Alignment

This screen fits very well within the lifecycle model we already built:

Attract & Recruit
